*Torrance Refinery is committed to taking on
the World's Toughest Energy Challenges*

ExxonMobil

Exxon Mobil Corporation is committed to being the world's premier petroleum and petrochemical company.

Our downstream activities include the refining and supply of petroleum products as well as the marketing of fuels under the Exxon, Mobil and Esso brands. ExxonMobil has refining operations in 26 countries, 43,000 retail sites in more than 100 countries, and lubricants marketing in almost 200 countries and territories.

ExxonMobil employees receive outstanding compensation and benefits such as:

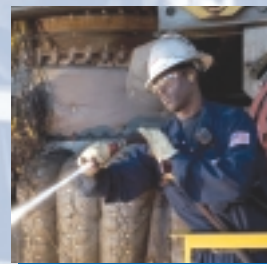

- Savings Plan
- Pension Plan
- Medical Coverage (for you and your dependents)
- Disability Benefits
- Life Insurance

ExxonMobil provides the opportunity to work in a critical industry, advancement based on employee initiative, and a diverse workforce

We provide equal employment opportunity to individuals who are qualified to perform job requirements regardless of their race, color, sex, religion, national origin, citizenship status, age, physical or mental disability, veteran or other legally protected status.

Process Technicians (entry level):

- The refinery operates 24 hours a day, 365 days a year; process technicians operate the refinery on a rotating shift basis (days and nights) with every other weekend off. This schedule also requires some holidays to be normally scheduled as work days.
- Process technicians monitor and ensure the proper operation of outside equipment such as pumps, heat exchangers, product samples etc.
- Entry level positions entail labor intensive duties.
- Starting hourly wages for process technicians is \$22.90 (approx) as entry level positions with potential wages of \$29.46/hr (approx) within a two to three year period (approx).
